\*MATH 12001 (Algebra and Trigonometry) is a prerequisite course, which the student with sufficient background should bypass.

\*\*Elementary I and II Arabic, Chinese, and Japanese each require 5 credit hours and Intermediate I and II of these languages each require 4 credit hours. Choosing these courses will reduce your General Electives by 4 hrs.

Note: Sufficient upper-division elective hours must be taken to yield a total of at least 42 upper-division hours.
