

**Tenure Track Position in Experimental Medium or High-Energy Nuclear Physics**

The Department of Physics at Kent State University invites applications for a tenure-track assistant professor position in experimental medium or high-energy nuclear physics. The successful candidate is expected to teach effectively at both the undergraduate and graduate levels, and to develop a vigorous externally funded research program that will enhance Kent's ongoing efforts in experimental nuclear physics. A PhD in physics is a requirement.

Applicants should submit materials that include a cover letter, CV, a statement of research interests in the short and long term, and an outline of teaching interests and philosophy. Names and contact information for at least three professional references should also be provided. Review of applications will begin in August 2018, and will continue until the position is filled. The appointment is expected to begin not sooner than January 2019.

Kent State University is committed to the pursuit and cultivation of diversity and excellence in its student body, staff and faculty. Women and under-represented minorities are urged to apply. Inquiries relating to this position may be emailed to [nuclearsearch@kent.edu](mailto:nuclearsearch@kent.edu) or mailed to:

Nuclear Search Committee Chair,  
Department of Physics,  
Kent State University, Kent, OH 44242
