

The Search for Extraterrestrial Intelligence

Friday, Apr. 21

Saturday, Apr. 22

8:00 p.m.

This presentation showcases humanity's search for intelligent life on other worlds. After a tour of the lovely Ohio night sky; we will explore celestial objects that may harbor life millions to trillions of miles away. We will then describe ongoing attempts to communicate with whomever may be listening and the huge, difficult, worldwide effort to find the needle of an intelligent message within the haystack of cosmic radio noise.

This hour-long show is free and open to the public, but it is not recommended for children under age six. Because seating capacity is limited, we recommend making reservations by calling (330) 672-7009. Reservations will be accepted beginning April 10, 2017. Persons having special needs are requested to call in advance of the desired presentation night, so that accommodations can be arranged. You may leave a message with your name and seats needed and contact info for confirmation.
